GIC Benefit Decision Guide for **Municipal** Employees, Retirees & Survivors from the City of Lawrence

Benefits Effective
November 1, 2010 - June 30, 2011

OFFICE OF THE GOVERNOR
COMMONWEALTH OF MASSACHUSETTS
STATE HOUSE • BOSTON, MA 02133
(617) 725-4000

DEVAL L. PATRICK
GOVERNOR

TIMOTHY P. MURRAY
LIEUTENANT GOVERNOR

Fall 2010

Dear Colleagues:

As you know, we have had to make some tough choices to balance our budget in Fiscal Year 2010. Together with the Group Insurance Commission (GIC), we have maintained our basic commitment to provide employees and retirees with comprehensive benefits and worked to keep costs as low as possible.

Our administration is sponsoring a number of initiatives to improve quality, lower costs and reduce disparities in health care. The GIC has been at the forefront in trying to tackle the dual challenges of improving health care quality while containing costs. Through lower co-pays, members have an incentive to use better performing doctors, and in some plans, hospitals.

The 2010-2011 ***Benefit Decision Guide*** can help you become an active and prudent health care consumer by outlining your health plan choices and benefits. If you are not in Medicare, contact plans you are considering to find out which tiers your doctors and hospitals are in. All enrollees can take advantage of other resources, including the GIC's website and health fairs, to research your options and make the best selections for you and your family.

I look forward to continuing our work together to move Massachusetts forward.

Sincerely,

A handwritten signature in black ink, appearing to read "Deval Patrick", written over a horizontal line.

New Hire and Open Enrollment Overview

Open enrollment gives you the opportunity to review your benefit options and enroll in a health plan.

Once you choose a health plan, you cannot change plans until the next annual enrollment, unless you move out of the plan's service area or become eligible for Medicare (in which case, you must switch plans).

Family and Employment Changes

Frequently Asked Questions

Q *As a new employee, when do my GIC benefits begin?*

A GIC benefits begin on the first day of the month following 60 days or two full calendar months of employment, whichever comes first.

Q *I am an active GIC-eligible employee and also retired from a state agency or participating municipality and eligible for GIC retirement benefits. Can I choose both employee and retiree benefits?*

A You must choose active employee or retiree benefits; you may not have benefits under both statuses. Contact the GIC to indicate whether you want employee or retiree benefits.

Q *I'm turning age 65; what do I need to do?*

A If you are age 65 or over, call or visit your local Social Security Office for confirmation of Social Security and Medicare benefit eligibility. If you are eligible and are retired, you must enroll in Medicare Parts A and B to continue coverage with the GIC.

If you are eligible and continue working after age 65, you should NOT enroll in Medicare Part B until you (the insured) retire.

The spouse of an active employee who is 65 or over should not sign up for Medicare Part B until the insured retires. Due to federal law, different rules apply for same-sex spouses; see our website for details.

Most enrollees should not sign up for Medicare Part D.

Q *I am an active employee age 65 or over; which health plan card should I present to a doctor's office or hospital?*

A When visiting a hospital or doctor, present your GIC health plan card (not your Medicare card) to ensure that your GIC health plan is charged for the visit. Since you are still working and are age 65 or over, your GIC health plan is your primary health insurance provider; Medicare is secondary. You may need to explain this to your provider if he/she asks for your Medicare card.

Q *I'm retired, but not age 65. My spouse is turning age 65; what should my spouse do?*

A Your spouse must call or visit your local Social Security Office for confirmation of Social Security and Medicare benefit eligibility. If eligible, he/she must enroll in Medicare Parts A and B to continue coverage with the GIC. See page 8 for health plan combination options.

Q *If I die, is my surviving spouse eligible for GIC health insurance?*

A If you (the insured) have coverage through the GIC at the time of your death, your surviving spouse is eligible for GIC health insurance coverage **until he/she remarries**.

See the GIC's website for answers to other frequently asked questions:
www.mass.gov/gic

You *MUST* Notify Your Benefits Office (active employees) or the GIC (retirees and survivors) When Your Personal or Family Information Changes

Failure to provide timely notification of personal information changes may affect your insurance coverage and may result in your being billed for services provided to you or a family member. If any of the following occur, active employees must notify the GIC Coordinator in their benefits office; if you are a retiree or survivor, write to the GIC:

- Marriage or remarriage
- Remarriage of a former spouse
- Legal separation
- Divorce
- Address change
- Dependent turning age 19
- Dependent age 19 or over who ceases to be a full-time student, graduates, withdraws from school, is on a medical leave of absence from school or the medical leave of absence ends, ceases to be an IRS Dependent, or ceases to be a Non-IRS Dependent
- Marriage of a covered dependent
- Death of an insured
- Death of a covered spouse or dependent
- Birth or adoption of a child
- Legal guardianship of a child
- You have GIC COBRA coverage and become eligible for other health coverage

You may be held personally and financially responsible for failure to notify the GIC of personal or family status changes.

The GIC's Challenges

- State budget outlook continues to be bleak; revenues continue below forecast.
- Health care costs continue to skyrocket, driven by rising hospital, physician and other provider costs, increased utilization of services, and increased GIC membership. Of note, the Attorney General's report of March 16, 2010 (entitled "Examination of Health Care Cost Trends and Cost Drivers") revealed that provider payments are tied to market leverage and geographic isolation—10 Massachusetts hospitals get 10%-100% more than the other 55 for similar work.

GIC Continues to Tackle Rising Costs and Disparities in Health Care Quality

The GIC has been on the forefront of raising awareness about differences in provider quality and costs. With the GIC's Clinical Performance Improvement

(CPI) Initiative for **Employee/Non-Medicare Health Plans**, which began in 2004, members pay lower copays for providers with the highest quality and/or cost-efficiency scores:

★★★ Tier 1 (*excellent*)

★★ Tier 2 (*good*)

★ Tier 3 (*standard*)

Physicians for whom there is not enough data and non-tiered specialists are assigned a plan's Tier 2 level copay.

How are physician tiers determined?

Based on a thorough analysis of physician claims, GIC health plans assign physicians to tiers according to how they score on nationally recognized measures of quality and/or cost-efficiency.

Choose the Best Health Plan for You and Your Family

STEP 1: Identify which plan(s) you are eligible to join:

- Where you live determines which plan(s) you may enroll in. See the map below for Employee/ Non-Medicare health plan locations and page 10 for Medicare plan locations.
- See each health plan page for eligibility details (see pages 14-30).

STEP 2: For the plans you are eligible to join and are interested in...

- Review their benefit summaries on pages 14-30.
- Review their monthly rates (see pages 11 and 12).
- Weigh features that are important to you, such as out-of-network benefits, prescription drug coverage, mental health benefits, and the selection of a Primary Care Physician to coordinate your care.

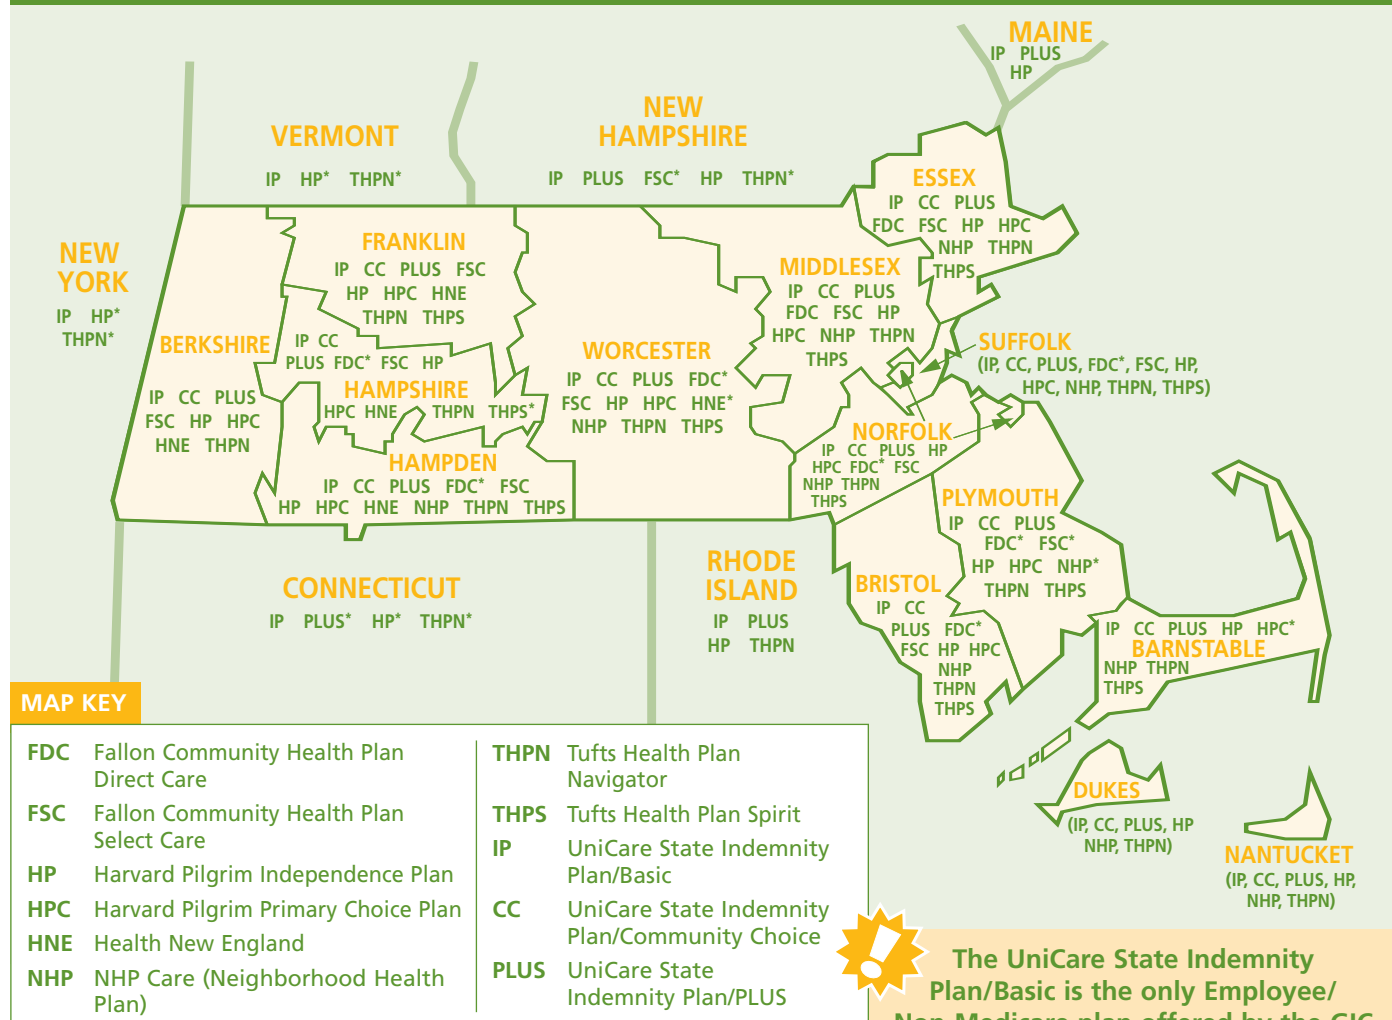

STEP 3: For the plans you are interested in, determine if your doctors and hospitals are in the plan's network and which copay tiers they are in (copay tiers do not apply to GIC Medicare plans).

Copay tiers are important because they affect how much you pay when you receive physician and hospital services.

- Go to the plan's website and search for your doctors and hospitals.
- If your doctors and hospitals are in the network, find their copay tier assignments.

Where You Live Determines Which Plan You May Enroll In.

Is the Employee, Non-Medicare Retiree/Survivor Health Plan Available Where You Live?

The UniCare State Indemnity Plan/Basic is the only Employee/ Non-Medicare plan offered by the GIC that is available throughout the United States and outside of the country.

* The plan has a narrow network in this county or state; contact the plan to find out which doctors and hospitals participate in the plan.

Choosing a Health Plan

"Fred" enrolled in the Harvard Pilgrim Primary Choice Plan.

Here's why:

During open enrollment, "Fred" went on Harvard Pilgrim Health Care's website and found out that his doctors and hospitals participate in the Harvard Pilgrim Primary Choice Plan. His monthly rate under this plan would be lower than with some other options, so he decides to enroll in Harvard Pilgrim Primary Choice Plan during open enrollment.

"Sarah" enrolled in UniCare Indemnity Plan/Community Choice during annual enrollment.

Here's why:

During open enrollment, "Sarah" checked out which tier her own, her husband's and her children's doctors would be assigned in some of the GIC's health plans. She found out that the doctors she and her family see most are Tier 1 in the UniCare State Indemnity Plan/ PLUS and the UniCare State Indemnity Plan/Community Choice. However, the hospitals they use have a lower copay in the Community Choice Plan and her premium will be lower in that plan. She decides to enroll in the UniCare State Indemnity Plan/Community Choice during open enrollment.

Three Good Ways to Get Plan Information

- **Log on to the plan's website:** Get additional benefit details, information about network physicians, tools to make health care decisions and more. *See page 32 for website addresses.*
- **Call the health plan's customer service line:** a representative can help you. *See page 32 for phone numbers.*
- **Attend a GIC Health Fair:** Talk with plan representatives and get personalized information and answers to your questions. *See page 31 for the health fair schedule.*

Choosing a Doctor or Hospital

"Susan" chooses a Tier 1 Tufts Health Plan Navigator hospital for her care.

Here's why:

"Susan" was told she needs surgery. She is in Tufts Health Plan Navigator and talks to her surgeon to find out which hospitals the surgeon recommends for her care. She contacts Tufts Health Plan to find out which copay tier the recommended hospitals are in. She elects to receive care at a Tier 1 hospital and saves money by doing so.

"John" chooses a Tier 1 Fallon Community Health Plan dermatologist.

Here's how and why:

"John" is a member of Fallon Community Health Plan Select Care. He needs to see a dermatologist and finds out that the doctor his internist recommended is in Tier 3. On Fallon's website, he finds two dermatologists in his area who are in Tier 1. He calls his internist to find out whether she recommends either of the two physicians. She highly recommends one of the doctors and John books an appointment with that dermatologist.

These scenarios and Select & Save benefits do not apply to any of the GIC Medicare Plans.

Calendar Year Deductible Questions and Answers

All GIC health plans (*Employee and Non-Medicare Retiree/Survivor plans only*) include a calendar year deductible. The in-network deductible is \$250 per member to a maximum of \$750 per family. This is a fixed dollar amount you must pay before your health plan begins paying benefits for you or your covered dependent(s).

Deductible Questions and Answers

Q *What is a deductible?*

A This is a fixed dollar amount you must pay each calendar year before your health plan begins paying benefits for you or your covered dependent(s).

Q *How much is the in-network calendar year deductible?*

A The in-network deductible is \$250 per member, up to a maximum of \$750 per family.

Here is how it works for each coverage level:

- Individual: The individual has a \$250 deductible before benefits begin.
- Two person family: Each person must satisfy a \$250 deductible.
- Three or more person family: The maximum each person must satisfy is \$250 until the family as a whole reaches the \$750 maximum.

If you are in a PPO-type plan, the out-of-network deductible is \$400 per member, up to a maximum of \$800 per family; this is a separate charge from the in-network deductible.

Q *I am enrolling in GIC health insurance coverage for the first time effective November 1. Will I be subject to both a 2010 and 2011 calendar year deductible?*

A Any deductible amounts incurred for medical services during November and December will apply toward the deductible requirement for 2011.

Q *I am a GIC Retired Municipal Teacher (RMT) or Elderly Governmental Retiree (EGR) converting to City of Lawrence GIC health insurance and have already satisfied my deductible. Will I now be subject to another deductible for 2010?*

- A**
- If you enroll in the same health plan or switch to one of its other options, you will not be subject to another deductible. Your 2011 calendar year deductible will begin January 1, 2011.
 - If you change health plan carriers, you will be subject to another deductible. However, the amount you pay will apply toward the deductible requirement for 2011.

Q *What health care services are subject to the deductible?*

A The lists below summarize expenses that generally are and are not subject to the annual deductible. These are not exhaustive lists. You should check with your health plan for details. Also, as with all benefits, ***variations in the guidelines below may occur, depending upon individual patient circumstances and a plan's schedule of benefits.***

Examples of expenses generally **exempt** from the deductible:

- Prescription drug benefits
- Mental health/substance abuse benefits
- Office visits (primary care physician, specialist, retail clinics, preventive care, maternity and well baby care, routine eye exam, occupational therapy, physical therapy, chiropractic care and speech therapy)
- Medically necessary child and adult immunizations
- Wigs (medically necessary)
- Hearing aids
- Mammograms
- Pap smears
- EKGs
- Colonoscopies

Examples of expenses generally **subject to** the deductible:

- Emergency room visits
- Inpatient hospitalization
- Surgery
- Laboratory and blood tests
- Bone density screenings
- X-rays and radiology (including high-tech imaging, such as MRI, PET and CT scans)
- Durable medical equipment

Q *How will I know how much I need to pay out of pocket?*

A When you visit a doctor or hospital, the provider will ask you for your copay upfront. After you receive services, your health plan will provide you and your provider with an explanation of benefits so that you will be able to see which additional portion of the costs you will be responsible for. The provider will then bill you for any balance owed.

Medicare Guidelines

Medicare is a federal health insurance program for retirees age 65 or older and certain disabled people. Medicare Part A covers inpatient hospital care, some skilled nursing facility care and hospice care. Medicare Part B covers physician care, diagnostic x-rays and lab tests, and durable medical equipment.

When you or your spouse is age 65 or over, or if you or your spouse is disabled, visit your local Social Security Administration office to find out if you are eligible for free Medicare Part A coverage.

If you (the insured) continue working after age 65, you and/or your spouse should NOT enroll in Medicare Part B until you (the insured) retire. Due to federal law, different rules apply for same-sex spouses; see our website for details.

When you (the insured) retire:

- If you and/or your spouse is eligible for free Part A coverage, state law requires that you and/or your spouse must enroll in Medicare Part A and Part B in order to be covered by the GIC.
- You must join a Medicare plan sponsored by the GIC to continue health coverage. These plans provide comprehensive coverage for some services that Medicare does not cover. If both you and your spouse are Medicare eligible, both of you must enroll in the same Medicare plan.
- **You MUST continue to pay your Medicare Part B premium.** Failure to pay this premium will result in the loss of your GIC coverage.

Retiree and Spouse Coverage if Under and Over Age 65

If you (the retiree), your spouse or other covered dependent is younger than age 65, the person or people under age 65 will continue to be covered under a Non-Medicare plan until you and/or he/she becomes eligible for Medicare.

If this is the case, you must enroll in one of the pairs of plans listed below:

Health Plan Combination Choices

How to Calculate Your Rate

See pages 11 and 12 for rates.

Medicare Family

Find the premium for the Medicare plan in which you are enrolling and double it for your monthly rate.

Retiree and Spouse Coverage if Under and Over Age 65

1. Find the premium for the Medicare Plan in which the Medicare retiree or spouse will be enrolling.
2. Find the individual coverage premium for the Non-Medicare Plan in which the Non-Medicare retiree or spouse will be enrolling.
3. Add the two premiums together; this is what you will pay monthly.

If you have one Medicare enrollee and two or more Non-Medicare enrollees, add the Medicare premium to the Non-Medicare family coverage premium to calculate your total monthly premium.

Helpful Reminders

- Call or visit your local Social Security office for more information about Medicare benefits.
- HMO Medicare plans require you to live in their service area. See the map on page 10.
- You may change GIC Medicare plans only during annual enrollment, unless you move out of your plan's service area. Note: Even if your doctor or hospital drops out of your Medicare HMO, you must stay in the HMO until the next annual enrollment.
- Benefits and rates of Fallon Senior Plan and Tufts Health Plan Medicare Preferred are subject to federal approval and may change January 1, 2011. These plans automatically include Medicare Part D prescription drug benefits. Contact the plans for additional details.

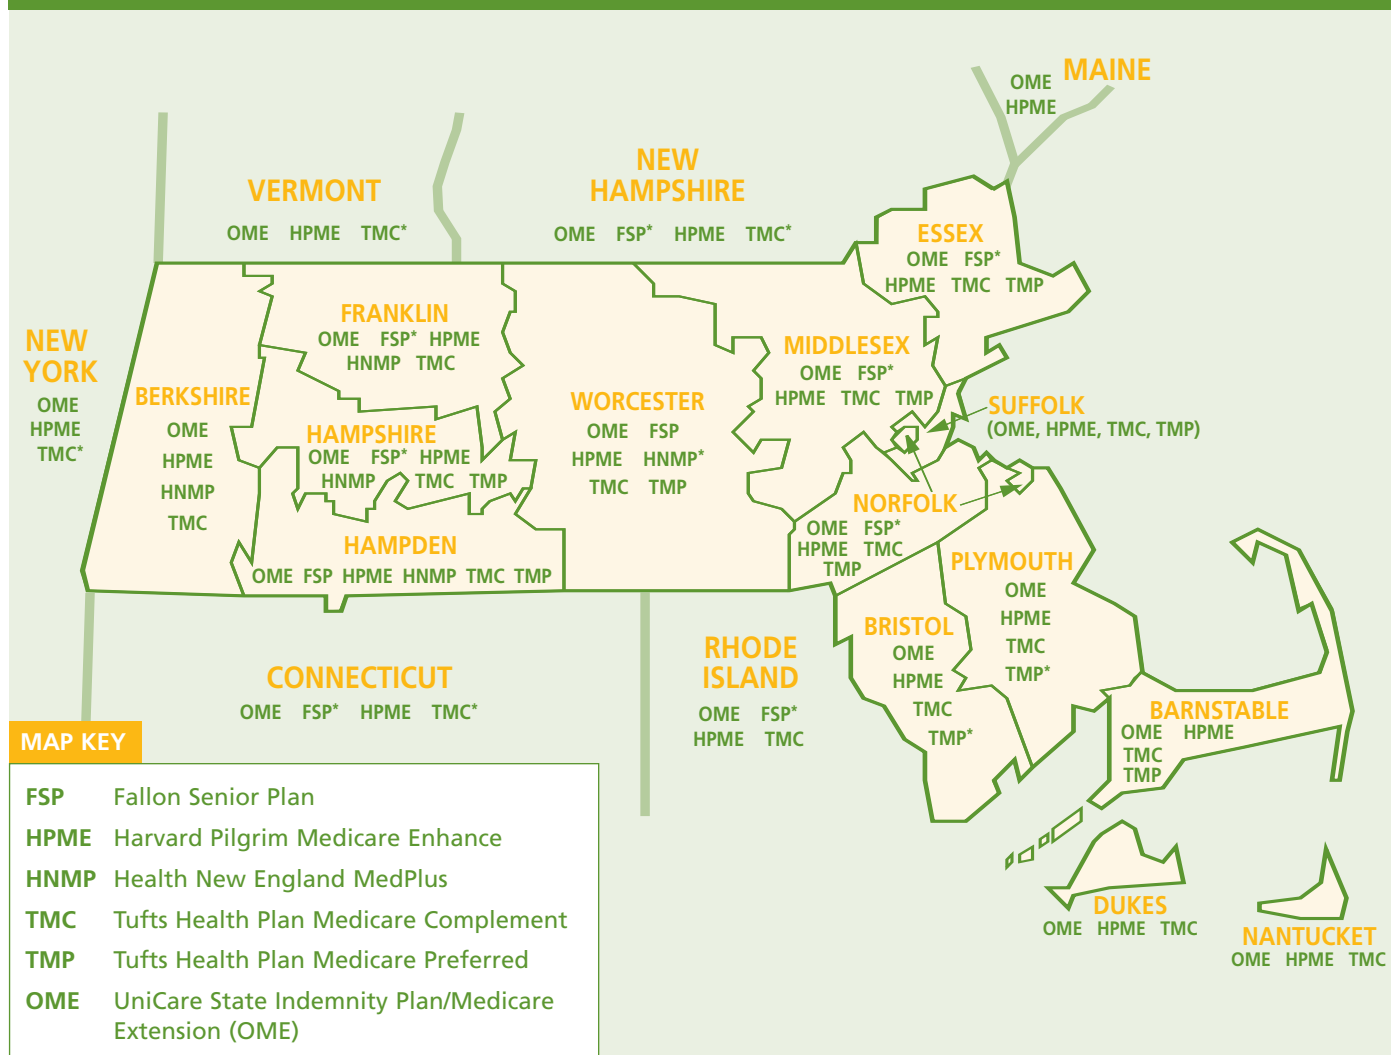

Medicare Part D Prescription Drug Reminders and Warnings

For most GIC Medicare enrollees, the drug coverage you currently have through your GIC health plan is a better value than the federal Medicare Part D drug plans being offered. Therefore, you should **not** enroll in a federal Medicare drug plan.

- A "Notice of Creditable Coverage" is in your plan handbooks. It provides proof that you have comparable or better coverage than Medicare Part D. If you should later enroll in a Medicare drug plan because of changed circumstances, you **must** show this notice to the Social Security Administration to avoid paying a penalty. Keep this notice with your important papers.
- If you have limited income and assets, the Social Security Administration offers help paying for Medicare prescription drug coverage; this may be the one instance where signing up for a Medicare Part D plan may work for you. Help is available online at www.ssa.gov or by phone at 1.800.772.1213.
- If you are a member of one of our Medicare Advantage plans (Fallon Senior Plan and Tufts Health Plan Medicare Preferred), your plan automatically includes Medicare Part D coverage. If you enroll in another Medicare Part D drug plan, the Centers for Medicare and Medicaid Services will automatically disenroll you from your GIC Medicare Advantage health plan, which will result in the loss of your GIC coverage.

Where You Live Determines Which Plan You May Enroll In. Is the *Medicare Health Plan* Available Where You Live?

* The plan has a narrow network in this county or state; contact the plan to find out which doctors and hospitals participate in the plan.

The Harvard Pilgrim Medicare Enhance Plan is available throughout the United States. The UniCare Indemnity Plan/Medicare Extension is available throughout the United States and outside of the country.

Prescription Drug Benefits

Drug Copayments

All GIC health plans provide benefits for prescription drugs using a three-tier copayment structure in which your copayments vary, depending on the drug dispensed. The following descriptions will help you understand your prescription drug copayment levels. Contact plans you are considering with questions about your specific medications. *See pages 14-30 for the corresponding copayment information.*

Tier 1: You pay the lowest copayment. This tier is primarily made up of generic drugs, although some brand name drugs may be included. Generic drugs have the same active ingredients in the same dosage and strength as their brand name counterparts. They cost less because they do not have the same marketing and research expenses as brand name drugs.

Tier 2: You pay the mid-level copayment. This tier is primarily made up of brand name drugs, selected based on reviews of the relative safety, effectiveness and cost of the many brand name drugs on the market. Some generics may also be included.

Tier 3: You pay the highest copayment. This tier is primarily made up of brand name drugs not included in Tiers 1 or 2. Generic or brand name alternatives for Tier 3 drugs may be available in Tiers 1 or 2.

Tip for Reducing Your Prescription Drug Costs

Use Mail Order: Are you taking prescription drugs for a long-term condition, such as asthma, high blood pressure, allergies, or high cholesterol? Switch your prescription from a retail pharmacy to mail order. It can save you money – up to one copay every three months. *See pages 14-30 for copay details.* Once you begin mail order, you can conveniently order refills by phone or online. Contact your plan for details.

Additionally, in some GIC plans, including the UniCare State Indemnity Plans' prescription drug program managed by CVS Caremark, you may have an option to fill 90-day supplies of maintenance medications at certain retail pharmacies. Contact your plan for details.

Prescription Drug Programs

Some GIC plans, including the UniCare State Indemnity Plans' prescription drug program managed by CVS Caremark, have the following programs to encourage the use of safe, effective and less costly prescription drugs. Contact plans you are considering to find out details about these programs:

- **Step Therapy** – This program requires the use of effective, less costly drugs before more expensive alternatives will be covered.
- **Mandatory Generics** – When filling a prescription for a brand name drug for which there is a generic equivalent, you will be responsible for the cost difference between the brand name drug and the generic, **plus** the generic copay.
- **Specialty Drug Pharmacies** – If you are prescribed specialty medications, such as injectable drugs for conditions such as hepatitis C, rheumatoid arthritis, infertility, and multiple sclerosis, you'll need to use a specialized pharmacy which can provide you with 24-hour clinical support, education and side effect management. Medications are delivered to your home or to your doctor's office.

Important Information About Medicare Part D

Medicare Retirees and Survivors

For most GIC Medicare enrollees, the drug coverage you currently have through your GIC health plan has better benefits than the Medicare Part D drug plans being offered. Therefore, you should **not** enroll in a Medicare Part D drug plan. *See page 9 for additional details.*

UNICARE STATE INDEMNITY PLAN/BASIC

The UniCare State Indemnity Plan/Basic offers access to any licensed doctor or hospital throughout the United States and outside of the country. Your copays are determined by your choice of physician. Massachusetts members pay lower office visit copays when they see Tier 1 or Tier 2 physicians. Contact the plan to see how your physician is rated.

The plan determines “allowed amounts” for out-of-state providers; you may be responsible for a portion of the total charge. To avoid these additional provider charges, if you use non-Massachusetts doctors or hospitals, contact the plan to find out which doctors and hospitals in your area participate in UniCare’s national network of providers.

The mental health benefits of this plan, administered by United Behavioral Health (UBH), offer you a choice of using network providers and paying a copayment, or seeking care from out-of-network providers at higher out-of-pocket costs. Prescription drug benefits are administered by CVS Caremark.

Eligibility

Employees, Retirees, Survivors, and their eligible dependents without Medicare are eligible, regardless of where they live.

Employee and Non-Medicare Retiree/Survivor Health Plans

UNICARE STATE INDEMNITY PLAN/COMMUNITY CHOICE

The UniCare State Indemnity Plan/Community Choice is a PPO-type plan that does not require members to select a Primary Care Physician (PCP). The plan offers access to all Massachusetts physicians. Members receive greater benefits when they see Tier 1 or Tier 2 physicians. Contact the plan to see how your physician is rated.

Hospital care copays are determined by the type of treatment. For most procedures, members receive the highest benefit when choosing one of the plan's hospitals, most of which are community hospitals. For a few complex procedures, additional hospitals are available at the highest benefit. Otherwise, members pay a higher hospital copay when they seek care from a hospital that is not in the plan. Contact the plan to see if the hospitals you are likely to use are Community Choice hospitals.

The mental health benefits of this plan, administered by United Behavioral Health (UBH), offer you a choice of using network providers and paying a copayment, or seeking care from out-of-network providers at higher out-of-pocket costs. Prescription drug benefits are administered by CVS Caremark.

Eligibility

Employees, Retirees, Survivors, and their eligible dependents without Medicare are eligible. Members must live in the plan's service area.

Service Area

The UniCare State Indemnity Plan/Community Choice is available throughout Massachusetts. Contact the plan to find out if your hospital is in the network.

Employee and Non-Medicare Retiree/Survivor Health Plans

UNICARE STATE INDEMNITY PLAN/PLUS

The UniCare State Indemnity Plan/PLUS is a PPO-type plan that does not require members to select a Primary Care Physician (PCP). The plan provides access to all Massachusetts physicians and hospitals at 100% coverage less a copayment. Out-of-state non-UniCare providers have 80% coverage of reasonable and customary charges after you pay a deductible.

Members pay lower office visit copays when they see Tier 1 and Tier 2 physicians. Contact the plan to see how your physician is rated. The plan also tiers hospitals based on quality and/or cost; members pay a lower inpatient hospital and outpatient surgery copay when they use Tier 1 or Tier 2 hospitals. Contact the plan to see which tier your hospital is in.

The mental health benefits of this plan, administered by United Behavioral Health (UBH), offer you a choice of using network providers and paying a copayment, or seeking care from out-of-network providers at higher out-of-pocket costs. Prescription drug benefits are administered by CVS Caremark.

Eligibility

年度登記

年度登記在2010年8月30日開始，於9月10日結束。你可以利用這段時間改變你的醫療保險計劃。如果你希望保持你現有的保險計劃，則不必在此期間做任何事，你的保險計劃將自動延續。

如果你的醫師或是醫院退出你所選的醫療保險計劃，你必須保持你現有的保險計劃直到下一個登記年度才可以更改。若是你在期間搬出你現有的保險計劃服務區域，就另當別論了。

你的計劃改變在2010年11月1日生效。如有問題，請打電話給 Group Insurance Commission。電話號碼是 617.727.2310，轉分機 1。

Ghi Danh Hàng Năm

Việc ghi danh hàng năm bắt đầu vào ngày 30 tháng Tám và chấm dứt vào ngày 10 tháng Chín, 2010. Trong khoảng thời gian này quý vị có cơ hội để thay đổi chương trình sức khỏe. Nếu muốn giữ chương trình sức khỏe hiện tại của mình, quý vị không cần phải làm gì cho việc ghi danh hàng năm. Bảo hiểm của quý vị sẽ tự động tiếp tục.

Nếu bác sĩ hoặc bệnh viện của quý vị không còn tham gia trong chương trình mà quý vị chọn, quý vị phải giữ chương trình sức khỏe của mình cho đến lần ghi danh công khai hàng năm kế tiếp, trừ khi quý vị dọn ra khỏi khu vực phục vụ của chương trình.

Những thay đổi của quý vị sẽ có hiệu lực vào ngày 1 tháng Mười Một, 2010. Nếu có bất cứ thắc mắc nào, xin gọi Group Insurance Commission tại số 617.727.2310, số chuyển tiếp 1.

39-Week Layoff Coverage – allows laid-off insureds to continue their group health insurance for up to 39 weeks (about 9 months) by paying the full cost of the premium.

CIC (Catastrophic Illness Coverage) – an optional part of the UniCare State Indemnity Plan/Basic and Medicare Extension (OME) plans. CIC increases the benefits for most covered services to 100%, subject to deductibles and copayments. It is an Enrollee-pay-all benefit. Enrollees **without** CIC receive only 80% coverage for some services and pay higher deductibles. Over 99% of current Indemnity Plan Basic and Medicare Extension Plan members select CIC.

COBRA (Consolidated Omnibus Budget Reconciliation Act) – a federal law that allows enrollees to continue their health coverage for a limited period of time after their group coverage ends as the result of certain employment or life event changes.

CPI (Clinical Performance Improvement Initiative) – a GIC program which seeks to improve health care quality while containing costs for the Commonwealth and our members. Claims data from all six GIC health plans were aggregated to identify differences in physician quality and cost-efficiency, and this information was given back to the plans to develop benefit designs. GIC members are subsequently rewarded with modest copay incentives when they use higher-performing providers. Plans that use combined quality and efficiency information to develop tiered networks are designated as Select & Save plans.

Deductible – a set dollar amount which must be satisfied within a calendar year before the health plan begins making payments on claims.

Deferred Retirement – allows you to continue your group health insurance after you leave municipality service until you begin to collect a pension. Until you receive a retirement allowance, you will be responsible for the entire health insurance premium costs, for which you are billed directly. If you withdraw your pension money, you are not eligible for GIC coverage.

EAP (Enrollee Assistance Program) – Mental health services that include help for depression, marital issues, family problems, alcohol and drug abuse, and grief. Also includes referral services for legal, financial, family mediation, and elder care assistance.

EPO (Exclusive Provider Organization) – a health plan that provides coverage for treatment by a network of doctors, hospitals and other health care providers within a certain geographic area. EPOs do not offer out-of-network benefits, with the exception of emergency care. EPOs do not require the selection of a Primary Care Physician (PCP).

GIC (Group Insurance Commission) – a quasi-independent state agency governed by a 15-member commission appointed by the Governor. It provides and administers health insurance and other benefits for the Commonwealth's employees and retirees, and their dependents and survivors. The GIC also covers housing and redevelopment authority personnel, certain municipalities, and retired municipal teachers in certain cities and towns.

HMO (Health Maintenance Organization) – a health plan that provides coverage for treatment by a network of doctors, hospitals and other health care providers within a certain geographic area. HMOs do not offer out-of-network benefits, with the exception of emergency care. An HMO requires the selection of a Primary Care Physician (PCP).

Networks – groups of doctors, hospitals and other health care providers that contract with a benefit plan. If you are in a plan that offers network and non-network coverage, you will receive the maximum level of benefits when you are treated by network providers.

PCP (Primary Care Physician) – includes physicians with specialties in internal medicine, family practice, and pediatrics. For HMO members, you must select a PCP to coordinate your health care.

PPO (Preferred Provider Organization) – a health insurance plan that offers coverage by network doctors, hospitals, and other health care providers, but also provides a lower level of benefits for treatment by out-of-network providers. A PPO plan does not require the selection of a Primary Care Physician (PCP).
